SWIFT CSP Consulting Services

Expert Assistance for Achieving and Maintaining SWIFT CSP Compliance

SWIFT is the world's leading provider of secure financial messaging services, connecting more than 11,000 financial organizations, market infrastructures and corporate customers across the globe. The goal of SWIFT Customer Security Programme (CSP) is to help members secure the systems they use to connect to the SWIFT network in an effort to thwart cybercrime.

What We Do

Alacriti tackles the complexity of managing SWIFT security and compliance head-on so SWIFT members can focus on core business activities. As a SWIFT CSP consulting provider, we have in-depth skills and expertise to plan, execute and report on security status and recommend critical improvements to meet and maintain CSP security standards.

Services	Benefits
• Security Posture Assessments, encompassing SWIFT CSP, PCI DSS, HIPPA, FISMA, FFIEC standards, etc. • CIS Benchmark Reviews • NIST CSF Reviews Using CSA CCM • Prescriptive Vulnerability Remediation	• Protect Against All Forms of Data Breach • Get Clarity on Deficiencies • Implement Security Best Practices • Alleviate Fraud Loss, as well as Fines and Penalties • Gain Peace of Mind
